

What is the procedure for Dematerialization of shares?

For converting the shares held in physical form to electronic form (i.e. Dematerialize), you would require to open a demat account with any one of the Depository Participant ('DP') and surrender the original share certificates to them along with the duly completed Dematerialization Request form ('DRF'). Your DP will send this request to our RTA. Our RTA will verify the documents and if found in order, the dematerialization request will be confirmed and the shares, in turn, will be credited to your demat account.

Kindly note that the names of the shareholders in the Demat account should be in order with the shares held in physical form.
